Our football season this year started in September and ended in November. Our Trojan Team played a total of 10 games. Five of these games were home games and five were played away. Although we didn't finish at the top, we did gain much valuable experience that can be put to use during the football battles in the years to come. Fundamentally, this was a year of preparation. Much time has been spent building up and strengthening our resources, planning for future success in this field of athletic prowess.
